8. Plans of institution for next year

• To conduct (preferably during February, 2012) department association meetings by inviting experts / eminent person in the subject of relevance and formerly inaugurate the departmental activities for the academic year.

• Faculty members to write proposals as to receive grant from state / national bodies such as UGC, DST, DBT, TNSTC, TANSCHE, FIST, Science city etc. and to organize state / national level seminars / symposia / conferences etc.

Staff to draft proposals for receiving grant from government funding agencies and organize workshops for the students.

• To conduct training programmes to improve the soft skills of the students to meet the employability.

• The departments to arrange for institutional / industrial visits for students.

• The college UGC committee - to make necessary arrangements / draft proposals to UGC and receive grants particularly through "Merged Scheme".

• To take initiatives towards updating/elevating the college status from "a college teaching UG courses only" to "a college teaching PG courses". This will enable/entitle the college to receive more UGC fund.

• The activities of Old Student's Association (OSA) are insisted. The association funds are to be used for the developmental activities of the college.

• Campus interviews to be brought by the departments to augment the employment of rural students.

• The staff members shall be encouraged to use LCD / OHPs in their classes for effective teaching. The departments that do not possess LCD /OHP facilities shall write proposals seeking funds from UGC. Besides, the departments are instructed to issue books to the students from the department library and maintain a record accordingly.

• Necessary Health related workshops to be conducted to improve the health of adolescent girls as this is a women's college.

Best Practices

1. Title: Inclusive Education for the Differently abled & Socioeconomically Disadvantaged.

2. Goal:

 \Box It endeavours to promote an atmosphere of soci-economic justice on campus.

 \Box It is an attempt to meet the global requirement of human rights obligations committed by the our welfare state and the nation.

3. The context:

IQAC members of the college feel deeply concerned by finding in 2011 census that 2.1 percent people in India are differently abled. The students of this institution are from socio economically backward region. Hence, they are often faced with awesome disadvantageous position. Having been faced with such challenging issues, we have decided to take up the cause of inclusive education policies and programme to lessen the difficulties of such students and to instill in them a sense of dignity,

4. The Practice:

As for helping the socio-economically disadvantaged group of students, the college has adopted the practice of generously granting all the financial facilities provided by the state and central

governments like scholarships, hostel accommodation on college campus, remedial coaching, competitive examination coaching, English enhancing classes through language labs, organizing awareness programmes of promoting socio-economic justice such as debates, seminars, talk and cultural activities, competitions and others. In all these the NSS and SSL units of the college play very vital roles. In these activities we are not confined simply to our campus, but we venture to take up such activities even beyond the campus, such as the slum areas and socio-economically depressed areas of habitations. A student desk for providing information's regarding scholarships inside and outside institutions is maintained for timely guidance.

5. Evidence of Success:

The students get scholarships provided by the state government. The students who are single girl childs are availing the Indra Gandhi Postgraduate Scholarship for Single girl child, Uzhavar Scholarship, First graduate Scholarship, Tamil medium Scholarship. The amount of funding given to the students this year accounts to about Rs. 3433000.

6. Problems encountered and Resources required:

Unawareness of policies and programmes of government for educating the socially and economically backward students. The students drop out ratio is higher as it is a rural area. Still the institution enjoys a privilege of being only one government women's college to pull the rural students for doing their UG and PG Programmes
